The members of the Pittsford Collaborative Leadership Team at the time – former Pittsford Town Supervisor Bill Carpenter, former Pittsford Central School District Superintendent Mary Alice Price and Pittsford Village Mayor Bob Corby – charged the PCC Task Force with finding additional opportunities for collaboration between the three entities and were pleased with the level of effort and professionalism exhibited by the task force and the thoroughness of the report.

“With so many current examples of collaboration, the Task Force members had to work diligently to find additional opportunities that were truly viable for our community and they did an excellent job” said Supervisor Zutes.

Mayor Corby agreed. "The task force members volunteered a great deal of personal time, effort, and research. The Leadership Team will carefully evaluate the report's recommendations to see if they can help each of us better achieve our respective missions” he said.

“The report is very thorough and well organized,” added Superintendent Pero. “It will serve as a valuable tool and help us raise our collaborative efforts to the next level.”

The PCC Task Force was appointed in October, 2011 by the Pittsford Collaborative Leadership Team. Task Force members (see list below) were selected from a community-wide pool of applicants. Two representatives each from the town, village and district also sat on the committee as liaisons.
